POLARIS® QUALITY. PROVEN PERFORMANCE.

In the field of compact electric vehicles, GEM® sets the benchmark for the competition. Engineered with premium quality and unequaled reliability, our complete line-up of street-legal transport and light-utility vehicles is backed by 60 years of Polaris® performance and innovation — providing unrivaled user confidence and experience.

And with an all-electric operation — and zero emissions — you’ll have an environmentally friendly, worry-free and low-cost-of-ownership path to solving all your fleet needs.

NEW FOR 2013

With over 45,000 units already on the road, GEM’s performance has been proven around the globe. But it doesn’t stop there — 2013 brings new refinements and innovations aimed at raising the bar again:

• Higher capacity front brakes for improved stopping power
• Improved front wheel bearings and suspension for long-lasting performance
• Improved steering components for greater control
• Improved foot pedals for easier operation
GEM®’s electric transport vehicles offer a premium ride for both you and your passengers. The spacious cab and comfortable, ergonomic seating in an e4 or e6® is perfect for taking groups on site tours. The compact e2 makes a great commuter or runabout. GEM®’s class-leading ride and handling makes them all fun to drive and highly maneuverable.

HIGHLIGHTED FEATURES:
- 12" Street Rated Tires
- 3-pt. Seat Belts
- Tinted, Auto-Grade Glass
- LCD Instrument Panel
- Grab Handles
- 12-volt Accessory Outlet
- Sunroof (e4 & e6®)
- 25 mph Top Speed

FRONT SUSPENSION:
- Dual A-arm front independent suspension
- Coil-over shocks
- Front-wheel disc brakes and rear-wheel hydraulic drum brakes
- Front-wheel drive with speed reducer and integral differential

THE PERFECT VEHICLE FOR:
- Police & Security Patrol
- Valet/Customer Service
- Neighborhood & Administrative

Quick, agile and compact, the GEM® e2 is perfect for neighborhood commutes or traversing across commercial properties. The e2’s minivan-like driving height provides optimal road visibility, while its command style cockpit provides user-friendly instrumentation for safety.
The GEM® e6® is ideal for transporting up to six passengers across facilities, campuses, parks or venues. Equipped with a spacious cab, a 7.0 horsepower motor, the e6 delivers the quintessential passenger experience — in style, comfort and ride.

**THE PERFECT VEHICLE FOR:**
- Site Tours
- Campus Tours
- Guest Transportation

The GEM® e4 combines agile maneuverability, comfort and style — with seating for four. Equipped with a spacious cab, ergonomic seating and independent suspension, the e4 keeps ride quality top of mind. With a number of available options, you can also add cargo carriers like the TrunkBack™ or Clip-in StakeBack™ to suit your specific needs.

**THE PERFECT VEHICLE FOR:**
- Student Transportation
- Site Tours
- Valet/Customer Service
- Neighborhood & Family
The GEM® eS is compact and easy to maneuver in tight spaces. Perfect for a variety of uses, the two-seater eS comes equipped with a 34" x 48" flatbed capable of hauling up to 330 lbs. Couple that with multiple bed and box configurations and our light-utility vehicles get the job done.

**READY TO HAUL: LIGHT-UTILITY**

GEM® light-utility electric vehicles are built to tackle the gamut of tasks you throw at them. Thermoplastic body panels and diamond plate beds make them highly durable. Whether you’re hauling cargo across your property or across the jobsite, GEM® has a payload capacity of up to 1,450 lbs (eL XD). Just throw it into your bed and go.

**HEAVY DUTY DC POWER:**
- Welded Aluminum Frame
- Advanced Suspension
- 7-Gauge Steel Utility Tie-Downs
- 34" x 48" Flatbed (eS)
- 70" x 48" Flatbed (eL & eL XD)
- Hazard Lights
- 30–40 Mile Range on One Charge

**HIGHLIGHTED FEATURES:**
- Heavy-duty DC motor with continuous 5.0 (or 7.0) horsepower rating and 12.0 (or 15.0) horsepower peak during acceleration and hill climbing
- Solid-state custom motor controller with under and over voltage detector
- On-board 72 volt DC charger that plugs into a 110 volt AC 15-amp outlet

**THE PERFECT VEHICLE FOR:**
- Groundskeeping
- Maintenance
- Hospital
With 700 lbs of cargo capacity and a host of accessory options for your individual utility needs, the GEM® eL is built to handle any task at hand. Standard equipped with a 70" x 48" flatbed and 72-volt battery system with on-board charger, the eL is ready to get the job done.

**THE PERFECT VEHICLE FOR:**
- Groundskeeping & Maintenance
- Housekeeping & Hospitality
- Indoor Warehouse

With the most power and payload capacity of all light-utility models, the GEM® eL XD is a workhorse ready for the long haul. Equipped with nine 8-volt batteries, a reinforced bed liner and heavy-duty shocks/springs, the eL XD also boasts a 70" x 48" flatbed that can haul up to 1,100 lbs.

**THE PERFECT VEHICLE FOR:**
- Groundskeeping & Maintenance
- Emergency Service
- Indoor Warehouse

WARRANTY SERVICE

If your vehicle requires warranty service, you must take it to a GEM® Servicing Dealer. When requesting warranty service, you must present your copy of the Warranty Registration form to the dealer. GEM® suggests that you use your original selling dealer; however, you may use any GEM® Servicing Dealer to perform warranty service. Should your dealer require any additional assistance, they will contact the appropriate person at GEM®. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. If any of the above terms are void because of state or federal law, all other warranty terms will remain in effect.

WHAT'S INCLUDED

Twenty-four months of limited warranty protection, pro-rata battery coverage included, along with roadside assistance and no-charge transfer of warranty. For even more coverage, we have extended service contracts that are available for up to 60 months of total coverage. Visit GemCar.com for full pricing and details.

2-YEAR VEHICLE PROTECTION PROGRAM

• Aluminum-alloy frame
• Light weight, high strength
• Corrosion resistant
From site tours and valet to guest and student transportation, GEM® delivers exceptional comfort and style for passengers, while providing the performance and versatility staff can depend on. A spacious cab, comfortable seating for up to six and ample cargo capacity are a few of the key features that make GEM® perfect for all your transportation needs.

APPLICATIONS
SITE TOURS, VALET & TRANSPORTATION
From site tours and valet to guest and student transportation, GEM® delivers exceptional comfort and style for passengers, while providing the performance and versatility staff can depend on. A spacious cab, comfortable seating for up to six and ample cargo capacity are a few of the key features that make GEM® perfect for all your transportation needs.

HOUSEKEEPING & HOSPITALITY
With noiseless, zero-emission operation combined with versatile handling and multifunctional carrier options, GEM® delivers a clean, quiet solution for all your housekeeping and hospitality needs — indoors or out.

GROUNDSKEEPING & MAINTENANCE
When it comes to your groundskeeping and maintenance needs, GEM® electric vehicles are built to tackle the tasks at hand. With plenty of hill-climbing torque, street-legal operation and up to a 3,100 lbs hauling capacity, GEM® offers an energy efficient fleet solution you can rely on to get the job done.

PARKING ENFORCEMENT & SECURITY
From parking enforcement to security patrol, GEM® provides the ideal all-electric alternative to gas-powered parking enforcement and security vehicles. With street-legal operation, superior handling and a number of versatile carrier options, GEM® offers a premium solution for your security and parking enforcement needs.

NEIGHBORHOOD & COMMUTING
Ideal for commutes and everyday use around the neighborhood, GEM® gets you where you need to go. Dual A-arm front independent suspension lets you take control of the road, while GEM®’s ergonomic seating and spacious cab let you do it comfortably.

Whether you’re moving people or cargo, GEM® vehicles offer the reliability and quality construction you need to get every job done right. Add to that the money you’ll save by eliminating fuel costs and reducing the maintenance costs associated with gas-powered alternatives, and you have a low cost-of-ownership solution for all your fleet needs.

Simply put, GEM® equals Polaris’® quality and proven performance. Find your local dealer at GEMCAR.com and schedule a demo to find out for yourself.

GEM® transport and light-utility vehicles are the perfect solution for:
• Hotels and resorts
• Entertainment, sporting and amusement venues
• Schools and universities
• Commercial facilities and corporate campuses
• Cities, municipalities and government

Here are just some of the many applications GEM® electric vehicles are purpose-built to handle:
